

# Anacortes Refinery

## Overview

At Marathon Petroleum Corporation (MPC) we're working to enhance life's possibilities. Every day, we live our core values of safety & environmental stewardship, integrity, respect, inclusion and collaboration. By reliably providing affordable, safe and abundant energy from coast to coast, we look to power today. We're inspired to make tomorrow even better, and we're just getting started.

Our Anacortes refinery is located approximately 70 miles north of Seattle on the Puget Sound, with a total crude oil capacity of 119,000 barrels per calendar day (bpcd). The refinery processes Canadian and domestic crude from North Dakota and Alaska North Slope, and international crudes to manufacture gasoline, distillates, heavy fuel oil and propane. These products are distributed through pipeline connected terminals and MPC's marine terminal via ships and barges.

## Health, Safety & Environment

At MPC, the health and safety of our employees, contractors and communities we call home is a priority. We take steps to ensure an accident-free, incident-free workplace. We've implemented cutting-edge safety measures at the refinery and are recognized as an industry leader in safety.

At the same time, we are passionate stewards of the environment, engaged with multiple organizations to implement initiatives that protect our environment and inspire responsible practices for future generations.

Below is a list of accolades and accomplishments earned by the Anacortes refinery.

- > Emphasize process safety, including employee-led programs, such as the Safety and Health Awareness Committee (SHAC)
- > Partner with the Department of Transportation to participate in the Adopt-a-Highway program
- > 2016 American Fuel and Petrochemical Manufacturers (AFPM) Elite Gold Safety Award Winner
- > 2015 AFPM Elite Silver Safety Award Winner
- > Safety performance in top quartile of industry

## Community

We believe in responsible citizenship and are actively involved and engaged in the Anacortes community. At MPC, we know that community is important. We make it a priority to be actively involved, offering time, talent and financial support of efforts that have a positive impact on the community. Listed below are some of the ways that we do just that.

- > Invest in local environmental shoreline enhancement projects
- > Provided investment to establish the Boys and Girls Club of Skagit science, technology, engineering and math (STEM) Academy
- > Invest in American Red Cross to purchase, equip and deploy new regional emergency response vehicles
- > Invest in communications and equipment upgrades for regional first responders
- > Sponsor Anacortes fifth grade students' annual field trip to the North Cascades National Park Mountain School program
- > Invest in regional college Voc Tech programs and school STEM enhancement opportunities and in local and regional robotics teams and competitions
- > Since 1994, host the annual March Point Run, which attracts more than 600 attendees and benefits a local organization

## Quick Facts

EMPLOYMENT: Approximately 390 employees

CRUDE OIL CAPACITY: 119,000 barrels per calendar day (bpcd)
