

Catlettsburg Refinery

Overview

At Marathon Petroleum Corporation (MPC) we're working to enhance life's possibilities. Every day we live our core values of safety & environmental stewardship, integrity, respect, inclusion and collaboration. By reliably providing affordable, safe and abundant energy from coast-to-coast, we look to power today. We're inspired to make tomorrow even better, and we're just getting started.

Our Catlettsburg refinery is in northeastern Kentucky on the western bank of the Big Sandy River, and has a total crude oil refining capacity of 291,000 barrels per calendar day (bpcd). The refinery processes sweet and sour crude oils into gasoline, distillates, asphalt, aromatics, propylene, heavy fuel oil and propane. Construction of a condensate splitter was completed in 2015, increasing the refinery's capacity to process condensate from the Utica shale region. Pipelines, barges, transport trucks and rail are used to distribute products.

Health, Safety & Environment

At MPC, the health and safety of our employee, contractors and communities we call home is a priority. We take steps to ensure an accident-free, incident-free workplace. We've implemented cutting-edge safety measures at the refinery, and are recognized as an industry leader.

At the same time, we are passionate stewards of the environment, engaged with multiple organizations to implement initiatives that protect our environment and inspire responsible practices for future generations. Below is a list of accolades and accomplishments earned by our Catlettsburg refinery.

- > 2019 to present: Certified Kentucky Voluntary Protection Partnership (VPP) Star site
- > 2019 Kentucky Excel Beacon Award for exemplary achievements in education for the Savage Branch Wildlife Reserve.
- > 2018 Beacon Award for Water Conservation

- > 2012 Kentucky Northeast Region Business Conservation Partner of the Year
- > 2012 Kentucky Manufacturer of the Year (large business category)
- > Inaugural Master Level member of KY EXCEL 2007 for Excellence in Environmental Leadership

Community

We believe in responsible citizenship, and are actively involved and engaged in the Catlettsburg community. At MPC, we know that community is important. We make it a priority to offer time, talent and financial support for efforts that have a positive impact on the community through science, technology, engineering and math (STEM) related concepts and careers; that make our communities safer places to live and work; and that protect, conserve and sustain our environmental resources. Listed below are some of our partner organizations.

- > Big Brothers Big Sisters, school-based mentoring program at Catlettsburg Elementary
- > A.D. Lewis Community Center, mentoring programs for at risk youth
- > City of Ashland Repair Affair
