

Mandan Refinery

Overview

At Marathon Petroleum Corporation (MPC) we're working to enhance life's possibilities. Every day we live our core values of Safety & Environmental Stewardship, Integrity, Inclusion, Collaboration and Excellence. By reliably providing affordable, safe and abundant energy from coast-to-coast, we look to power today. We're inspired to make tomorrow even better, and we're just getting started.

Our Mandan refinery, located just outside of Bismarck (ND.) began operating in 1954, and today has a crude oil refining capacity of 71,000 barrels per calendar day (bpcd). The refinery processes primarily sweet domestic crude oil from North Dakota and manufactures gasoline, distillates, propane and heavy fuel oil. Refined products are shipped via truck and rail.

Health, Safety & Environment

At MPC, the health and safety of our employee, contractors and communities we call home is a priority. We take steps to ensure an accident-free, incident-free workplace. We've implemented cutting-edge safety measures at the refinery, and are recognized as an industry leader.

At the same time, we are passionate stewards of the environment, engaged with multiple organizations to implement initiatives that protect our environment and inspire responsible practices for future generations. Below is a list of accolades and accomplishments earned by our Mandan refinery.

- > Partnered with the Bismarck and Mandan Parks and Recreation Departments to plant more than 11,000 trees for the State's Annual Arbor Day over the past 25 years
- > 2015: Logged 3.8 million hours without a Days Away From Work (DAFW) injury
- > 2014: Recognized for excellence in safety performance by Occupational Safety and Health Administration in 2014
- > Steward of natural habitats including the dedicated 640 acres surrounding the refinery

Community

We believe in responsible citizenship, and are actively involved and engaged in the Mandan community. At MPC, we know that community is important. We make it a priority to offer time, talent and financial support for efforts that have a positive impact on the community through science, technology, engineering and math (STEM) related concepts and careers; that make our communities safer places to live and work; and that protect, conserve and sustain our environmental resources. Listed below are some of our partner organizations.

- > Donated \$800,000 in charitable giving to non-profit organizations in the Northern Great Plains in 2016
- > Awarded a three-year, \$750,000 grant to Bismarck State College to develop a virtual process technology training program
- > Completed a three-year, \$750,000 grant to the North Dakota Safety Council to develop a state-of-the-art training center
- > Supports Junior Achievement of the Upper Midwest to reinforce STEM education to 3,500 students

Quick Facts

Employment: Approximately 325 employees

Refining Capacity: 71,000 bpcd
