

Martinez Refinery

Overview

Marathon Petroleum Corp.'s (MPC) Martinez refinery is in Martinez, California, and has a crude oil capacity of 161,000 barrels per calendar day (bpcd).

Using crude oils from California and other domestic and foreign sources, the refinery produces cleaner-burning California Air Resources Board (CARB) gasoline and CARB diesel fuel, as well as conventional gasoline, distillates, petroleum coke, propane, heavy fuel oil and refinery-grade propylene. Products are distributed via truck, rail, pipeline and ship.

Health, Safety & Environment

- > Works with state and federal agencies to protect surrounding habitat
- > Stewards natural habitats including the 760-acre Point Edith Wildlife Area
- > Focuses on process safety integration
- > Promotes recycling and air emissions reductions at the refinery
- > Lowered Occupational Safety and Health Administration recordable rates through joint union/management committee emphasis on continual improvement

Community

- > Provided \$1.24 million in 2018 in charitable giving to non-profit organizations in Northern California, including the Mt. Diablo Unified School District, Contra Costa County Fire Protection District, The Gardens at Heather Farm, Food Bank of Contra Costa and Solano, Diablo Valley Veterans Foundation, the Marine Mammal Center and more
- > Named 33rd most philanthropic company in the Bay Area by San Francisco Business Times
- > Donates use of 16 baseball diamonds and two soccer fields on refinery property to support local youth sports leagues.
