

Salt Lake City Refinery

Overview

At Marathon Petroleum Corporation (MPC) we're working to enhance life's possibilities. Every day we live our core values of Safety & Environmental Stewardship, Integrity, Inclusion, Collaboration and Excellence. By reliably providing affordable, safe and abundant energy from coast-to-coast, we look to power today. We're inspired to make tomorrow even better, and we're just getting started.

Our Salt Lake City refinery began operations in 1908 and is now the largest refinery in Utah with a total crude oil refining capacity of 68,000 barrels per calendar day (bpcd). It processes crude oil from Utah, Colorado and Wyoming to manufacture gasoline, distillates, propane and heavy fuel oil. These products are distributed by truck through a system of terminals and by pipelines.

Health, Safety & Environment

At MPC, the health and safety of our employee, contractors and communities we call home is a priority. We take steps to ensure an accident-free, incident-free workplace. We've implemented cutting-edge safety measures at the refinery, and are recognized as an industry leader.

At the same time, we are passionate stewards of the environment, engaged with multiple organizations to implement initiatives that protect our environment and inspire responsible practices for future generations. Below is a list of accolades and accomplishments earned by our Salt Lake City refinery.

- > Expansion project completed in 2015 retooled the refinery to process more Utah waxy crude, which has less sulfur, resulting in lower refinery emissions and higher quality lower sulfur fuel
- > Started new project to produce lower sulfur Tier 3 gasoline that will be completed in 2019
- > Received a 2016 Award for Meritorious Safety Performance from American Fuel and Petrochemical Manufacturers
- > Received a 2016 Award of Merit from the Utah Safety Council
- > Employees participate in behavior-based safety program (STEPP)

Community

We believe in responsible citizenship and are actively involved and engaged in the Salt Lake City community. At MPC, we know that community is important. We make it a priority to offer time, talent and financial support for efforts that have a positive impact on the community through science, technology, engineering and math (STEM) related concepts and careers; that make our communities safer places to live and work; and that protect, conserve and sustain our environmental resources. Listed below are some of our partner organizations.

- > Invested over \$1.8 million in science, technology, engineering and math (STEM), environment and public safety programs in the Rocky Mountain Region in 2018
- > Established partnerships and programs with the STEM Action Center and Junior Achievement to provide hands-on STEM education experiences. Both programs reach thousands of students each year.
- > Provide support and leadership for multiple charitable and civic organizations in the Salt Lake Valley
- > Serve as corporate sponsor of the annual Rose Park and Capitol Hill Community Festivals
- > Partner with Salt Lake County Health Department to fund repairs, based on financial need, to emissions control equipment on vehicles that fail emissions testing

Quick Facts

EMPLOYMENT: Approximately 300 employees

REFINING CAPACITY: 68,000 bpcd
